Almicheal Fraay

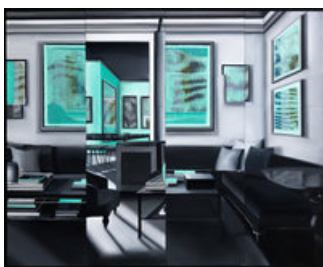

The twenty-third edition of Art Rotterdam runs from 10 to 13 February 2022 and highlights the latest developments in contemporary art. Within the UNESCO World Heritage Site Van Nelle Factory, more than 100 leading galleries show the work of up-and-coming and established talent across a floor area of 10,000 m². The video section Projections has formed an essential part of Art Rotterdam for ten years and now appears in a new format: for the first time video presentations are included within Gallery exhibitions.

The public favorite will receive a cash prize of €5,000. An online article about both winners will be published on GalleryViewer.com.

Projections

The Projections video section will return in the coming edition with a completely new format.
